

LOGISTICS

Logistically speaking, TexAmericas Center has it all. The industrial park is centrally located with a **strategic interconnection** of rail, road, air, river, and IT transportation assets, making the community a global transportation and business hub. We are within **500 miles of 23 major metro markets** with a population above 450,000, including 10 of the fastest growing metro markets in the nation. These markets are readily accessible via Texarkana's **robust infrastructure** of interstates, highways, rail, and airports. We bring decades of experience in navigating logistics networks to make your **supply chain run most efficiently**. We leverage our **strategic, low-cost location** with a mix of incentives, like foreign trade zones and enterprise zones, to keep your tax liability in check.

3PL Services

- Warehousing
- Distribution
- Manpower
- Kitting
- Transportation
- Inventory Control

3PL

Using TexAmericas Center as your single source, **final mile provider** saves you both time and money, while giving you the ability to scale seamlessly. Our 3PL solutions give you greater **flexibility**, more **control**, and **fewer headaches**, all with a **low capital commitment**. We will help you optimize and control virtually every nuance of your supply chain.

We want to gain a comprehensive understanding of your supply chain to see where challenges and opportunities exist. We will then design solutions that go beyond delivering the goods to **giving you a powerful advantage** in a competitive marketplace. We welcome a call to discuss your unique supply chain needs.

TRANSLOAD

Rail is considered the **most cost-effective way to ship** for many industries, but logistics needs are complex and often require more than one mode of transportation to get a shipment to its destination. That's where transload services come in. TexAmericas Center is proud to offer a **12-car transload facility** as a **value-added service** to eliminate bottlenecks and lower costs in your supply chain. Transload is ideal for dry bulk, dimensional, wet bulk, food grade, and warehouse commodity transfer.

Benefits of Transload

- Eliminating investment in track, warehousing, and transloading equipment
- Lowering personnel and per mile costs
- Reducing your truck shipping miles
- Growing your market reach
- Eliminating headaches in international shipping
- Relying on the expertise of shipping experts
- Adapting as your business grows

The benefit of working with TexAmericas Center centers around our **flexibility and adaptability to meet unique business needs**. We help manage upfront investment, apply best practices to operations, and connect all the necessary dots to help you take the next step in your growth.
