

**PARTNERS IN DEVELOPMENT
SOUTHWESTERN ELECTRIC
POWER COMPANY**

COMPANY PROFILE

(SWEPCO), a unit of American Electric Power (AEP), is the sole provider of electric power to all three campuses at TexAmericas Center.

regulated electric utility companies in the U.S. It has seven regional electric utilities, including SWEPCO, and serves 11 states and approximately 5.4 million residential, commercial, and industrial customers. AEP owns about 224,000 miles of distribution lines, more than 40,000 miles of transmission lines, and about 26,000 megawatts of electricity generating capacity.

a regulated utility, is headquartered in Shreveport, LA and serves 530,000 customers in the AEP service territories of the Southwest Power Pool of northwestern and central Louisiana, western Arkansas, East Texas and the Panhandle of North Texas. SWEPCO owns 12 power generating plants (6,100MW+), 4,103 miles of transmission lines in its 33,696 square miles service territory, and 25,197 miles of distribution lines.

among midsize utilities in the South in the J.D. Power 2020 Electric Utility Business Customer Satisfaction Study. It also scored highest in the midsize South segment of business customers for power quality and reliability, billing and payment, and customer contact.

No permitting, zoning or regulation requirements.

Dual feed, interconnect is possible.

Central & West Campus substations will be upgraded to 138kv feed by 2024.

Upgrading substations up to 350MW+ is possible.

SWEPCO has committed to increasing alternative energy and lowering non-renewable dependence by 2024.

SWEPCO is a net-exporter of energy.

SWEPCO will invest in transmission, substation and distribution lines to grow users of existing systems.

Commercial and industrial customers are rarely required to pay for system upgrades and extensions. Demand and revenue dependent.

- Natural Gas (45%)
- Coal & Lignite (45%)
- Wind (8%)
- Thermal PPA (1%)
- Energy Efficiency/Demand Response (<1%)

- 3-phase, 12kv

- East Campus (69kv feed)
 - One on site
 - One in Hooks, TX
- Central Campus (69kv feed)
 - One on site
- West Campus (69kv feed)
 - One off site

- Single - 69kv line
- Single - 138kv line
- Three (3) - 345kv lines

*Does not include state and local tax
